Dear All,

Just a quick word to share the latest news about JDemetra+:

ESS Guidelines on Seasonal adjustment

A new Edition of the ESS Guidelines on Seasonal adjustment

has just been published on the Eurostat website and can be consulted at:

https://ec.europa.eu/eurostat/product?code=KS-GQ-24-012

Final TSACE Meeting

Slides from the final TSACE Meeting (Brussels, May 29th)

are in the stace-tsa-shop repository on GitHub (https://github.com/stace-tsa-shop).

(Access on request, just email us)

New release of rdj3nowcasting package

All details can be found at https://github.com/rjdverse/rjd3nowcasting

Examples are provided in the Readme file and documentation in the Github pages.

JDemetra + documentation

An updated version is available at:

https://jdemetra-new-documentation.netlify.app/

All the best,

Anna Smyk and Tanguy Barthelemy
